6. INTRODUCTION

Since 1991 enterprise agreements have been entered into between Inghams Enterprises Pty Ltd and the AMIEU at the various Company plants in New South Wales with the general objectives of:

- Improving the productivity, efficiency and flexibility of the enterprise through the effective implementation of agreed measures which would significantly increase the competitiveness of the Company and offer secure and worthwhile employment for its employees.
- Developing an environment of continuous improvement which is conducive to a flexible work organisation able to respond to changing demands in the industry.
- Adopting a participative approach to implementing increased and sustained productivity improvements across all areas of the operations of the Company.

Unfortunately the changes implemented to date have not kept pace with the competitive and cost pressures facing the Company.

Through this agreement the parties seek to record the measures by which the pressures and demands on the Company can be met.

7. OBJECTIVE

The objective of this agreement is to establish the framework within which the changes necessary to meet the challenges facing the Company and its employees will be implemented.

While the timing of the introduction of the changes will be decided by the Company in the context of its operational requirements, employees will be consulted regarding the introduction of the changes and measures to avert or mitigate any adverse effects of such changes on employees.

8 HOURS OF WORK

- (a) The ordinary hours of work for permanent day worker employed as at 5 August 1997 shall be worked between 5:00 am and 5.00 pm unless otherwise agreed. However, for other permanent employees and casuals the ordinary hours of work for day workers may be worked between 5.00 am and 6.00 pm. As a consequence an afternoon shift shall be a shift finishing after 6.00 p.m. and at or before 1.00 a.m.
- (b) By agreement hours worked before 5.00 am by a day worker may be counted as part of an employee's ordinary hours for that day, provided that the time worked prior to 5 am is paid at overtime rates. This clause does not preclude the Company from working employees overtime prior to 5 am.

9. SICK LEAVE

- (1) An employee who is absent from work on account of illness or injury shall:
- (a) notify the Company prior to normal start time of the reason for the absence and the expected duration of the absence. The employee shall keep the employer informed as to the expected date of return to work.
- (b) Upon return to work complete an "Employee Absence" form including stating the reason for the absence, whether notice was given and whether the employee is claiming sick leave for the absence.
- (c) If the absence is for 2 or more consecutive days, produce a certificate from a duly qualified medical practitioner giving the actual description of the injury or illness which in the medical practitioner's opinion is the reason for the absence and the expected duration of the incapacity.
- (2) Where an employee has:
- (a) been absent from duty in a manner which is systematic or exhibits a pattern;
- (b) has exceeded their annual sick leave entitlement without due cause or satisfactory proof of illness; or
- (c) has failed to produce satisfactory evidence as per sub-clause (1) including satisfactory description of the injury or illness; or
- (d) failed to notify the employer of expected absences at the earliest opportunity.

Then the following arrangement shall apply:

- (a) In the first instance be subject to informal counselling from their Supervisor.
- (b) In the second instance be subject to a written warning stating the exact nature of the warning, the instances leading to its issue and that further unauthorised or unexcused absences could lead to termination of employment.
- (c) If the employee fails to comply with the warning, then the employment may be terminated by the Company.

- (3) Employees who have in excess of 76 hours of sick leave credit may request pay-out of the amount in excess of 76 hours. Such payment shall be made in conjunction with an employee's annual leave and the sick leave credit shall be reduced accordingly.

10 ABSENTEEISM

The following additional measures will be introduced to reduce the current unacceptable levels of absenteeism:

- (a) If any employee is absent from work (unpaid) in any week, then that employee shall not be offered overtime in that week or the following week at the Company's discretion.
- (b) Any employee who arrives at work 15 minutes past their scheduled start time and has not advised the company that they will be late shall be sent home without pay. The employee may apply for payment as for a rostered day off or as a day of annual leave. Sick leave shall not be available in such circumstances.

11. OVERTIME AND PRODUCTION REQUIREMENTS

The Parties and employees acknowledge the Award requirement to work reasonable overtime to meet the needs of the Company and its customers.

It is agreed by the parties and employees that all steps necessary to avoid loss of product on any day will be taken by employees including the following:

- (a) Completing all work in progress that needs to be cooked within 24 hours of the emulsion being made.
- (b) Complete the processing of meat because of the age of the raw material which could either then be frozen or cooked.

12. CASUAL RATIO

The current flexibility with respect to casual ratios, as well as the Company's objective to comply with the spirit of the Award in this regard, is acknowledged. How this is achieved will be subject to discussion by the Consultative Committee.
